THE BEAUTY OF A BRAND

Since 1815, we have realized precious wool fabrics, expression of a constant creative research, that makes Guabello a real ambassador of beauty and well-made Italian excellence, every fabric in the collection stands out for its refined style and relaxed elegance.

Trends are constantly changing and so are our fabrics. We combine tradition, technology and craftsmanship, making innovation and beauty our values, the expression of what we are and represents.

**REDA**

Made in Italy Tradition

One of the most distinctive traits of Reda is its strong connection to the surrounding areas . The company has always offered Made in Italy Merino wool textiles , an authentic expression of craftsmanship and of Italian style . Since 1865 , Made in Italy has been one of Reda's distinguishing traits . Quality and constant style research combine in a textile that interprets and revisits classic sartorial designs to offer a more pure and authentic expression of craftsmanship and Italian taste.

1865
REDA

Reda presents a fabric crafted from the finest Merino wool and the natural fiber of linen, forming an impeccable blend that ensures comfort even on scorching summer days. This fabric stands as the ultimate choice when seeking to fashion blazers tailored for casual occasions and leisurely pursuits. With an extensive palette of vibrant hues, it offers a spectrum of colors to suit your preferences.

Adding 1% elastane to wool fabric can increase its elasticity. Elastane is a synthetic elastic fiber with excellent elasticity and resilience. When mixed with wool fibers, it can give the wool fabric better stretch and recovery, increasing the fabric's elasticity and comfort.

Reda activates fabrics perfectly by following the body's movements thanks to their natural stretch, thus offering unprecedented comfort.
